**Outdoor
fire tables,
fire pits &
fire bowls!**

Light up the night & add warmth to your outdoor space with a beautiful fire pit, fire table or fire bowl.

These warm glowing fires will become the place to gather with family & friends for years to come.

Fueled by natural gas or propane - no smoke, no ashes, no mess!

A fire pit table gives you two products in one....

Start out your entertaining with snacks & your favourite beverage or you may choose to eat dinner around your Fire Pit Table.

When the sun is setting the evening temperature starts to cool, all you need to do is take off the Burner Cover & light your burner and WOW! You have a beautiful – warm – glowing fire!

Everyone can enjoy the evening and when it's time to go in....just turn off the gas supply valve, replace the burner cover for the evening.

The end of a great day!
